

§1907. Permit Stamp, Machine Location

A. A permit stamp for a machine is only valid for the permittee and the premises identified on the approved permit application.

B. A permit stamp is further restricted to the particular machine approved by the division and identified on the permit application.

C. A permit stamp is not the personal property of the permittee and may be removed by the division at any time.

D. No machine shall be removed from the location specified in the permit application for use at another location until a new application is approved and the transfer is authorized in writing by the division.

E. No machine shall be moved from the location specified in the permit application without prior authorization from the division.

AUTHORITY NOTE: Adopted in accordance with R.S. 40:1485.4 and R.S. 33:4861.17.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Office of State Police, LR 17:482 (May 1991).
